To Whom It May Concern:

This letter is to confirm that Mr. Rehab, Inc. is a current member of the Keystone Chapter of Associated Builders & Contractors, Inc., and confirming that Cody L. Mullen is registered in the ABC Construction Craft Labor Apprenticeship program. The Associated Builders and Contractors Class A Apprenticeship programs are approved by the Department of Labor and the Pennsylvania Apprenticeship and Training Council.

Pennsylvania apprenticeship programs fall under the jurisdiction of the State Council; however, the Office of Apprenticeship & Training (a federal agency, under the United States Department of Labor & Industry) provides supervision and conducts audits for the State Council. Thus, we meet both state and federal guidelines for registered apprenticeship.

The Keystone Chapter of Associated Builders & Contractors has Class A approved apprenticeship programs in the trades listed below. Keystone's PATC Program Number is: PA00867003. We have graduated over 30 to 50 apprentices to journeyman status in each of past five years.
